DECISION AWARDING DAMAGES¹

On June 21, 2018, ██████████ filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*² (the “Vaccine Act”). Petitioner alleges that she suffered a Shoulder Injury Related to Vaccine Administration (SIRVA), resulting from the adverse effects of a tetanus diphtheria acellular pertussis (Tdap) vaccination she received on June 7, 2017. Petition at 1. Petitioner further alleges that she received the vaccination within the United States, Petitioner’s pain lasted longer than six months, and that neither she, nor any other party, has ever received compensation in the form of an award or settlement for Petitioner’s injury. Petition at 1, 3-4. The case was assigned to the Special Processing Unit of the Office of Special Masters.

On August 22, 2019, a ruling on entitlement was issued, finding Petitioner entitled to compensation for Petitioner's SIRVA. On November 16, 2020, Respondent filed a proffer on award of compensation ("Proffer") indicating Petitioner should be awarded \$156,428.16. Proffer at 1-2. In the Proffer, Respondent represented that Petitioner agrees with the proffered award. *Id.* Based on the record as a whole, I find that Petitioner is entitled to an award as stated in the Proffer.

Pursuant to the terms stated in the attached Proffer, **I award Petitioner a lump sum payment of \$156,428.16 in the form of a check payable to Petitioner.** This amount represents compensation for all damages that would be available under § 15(a).

The clerk of the court is directed to enter judgment in accordance with this decision.³

IT IS SO ORDERED.
