No. 15-504V  
Special Master Christian J. Moran

Filed: January 24, 2018

Stipulation; influenza (“flu”) vaccine;  
chronic inflammatory demyelinating  
polyneuropathy (“CIDP”)

Leah V. Durant, Law Offices of Leah V. Durant, PLLC, Washington, DC, for  
Petitioner;  
Douglas Ross, United States Dep’t of Justice, Washington, DC, for Respondent.

### UNPUBLISHED DECISION<sup>1</sup>

On January 23, 2018, the parties filed a joint stipulation concerning the petition for compensation filed by ██████████ on May 15, 2015, and his amended petition filed on July 27, 2015. Petitioner alleged that the influenza (“flu”) vaccine<sup>2</sup> he received on January 8, 2014, which is contained in the Vaccine Injury Table (the “Table”), 42 C.F.R. §100.3(a), caused him to suffer chronic inflammatory demyelinating polyneuropathy. Petitioner further alleges that he suffered the residual effects of this injury for more than six months. Petitioner

<sup>1</sup> The E-Government Act, 44 U.S.C. § 3501 note (2012) (Federal Management and Promotion of Electronic Government Services), requires that the Court post this decision on its website. Pursuant to Vaccine Rule 18(b), the parties have 14 days to file a motion proposing redaction of medical information or other information described in 42 U.S.C. § 300aa-12(d)(4). Any redactions ordered by the special master will appear in the document posted on the website.

<sup>2</sup> Petitioner received other vaccines during the relevant time period but has only claimed in his petition and amended petition that he was harmed by the flu vaccine.

represents that there has been no prior award or settlement of a civil action for damages on his behalf as a result of his condition.

Respondent denies that the flu vaccine<sup>3</sup> either caused or significantly aggravated petitioner's alleged injury or any other injury, and denies that petitioner's current disabilities are the result of a vaccine-related injury.

Nevertheless, the parties agree to the joint stipulation, attached hereto. The undersigned finds said stipulation reasonable and adopts it as the decision of the Court in awarding damages, on the terms set forth therein.

Damages awarded in that stipulation include:

**A lump sum payment of \$545,000.00 in the form of a check payable to petitioner. This amount represents compensation for all damages that would be available under 42 U.S.C. § 300aa-15(a).**

In the absence of a motion for review filed pursuant to RCFC, Appendix B, the clerk is directed to enter judgment in case 15-504V according to this decision and the attached stipulation.<sup>4</sup>

**IT IS SO ORDERED.**

<sup>3</sup> As noted above, although petitioner has only claimed to be harmed by the flu vaccine, respondent also denies that any other vaccine covered by the Vaccine Program harmed petitioner.

<sup>4</sup> Pursuant to Vaccine Rule 11(a), the parties can expedite entry of judgment by each party filing a notice renouncing the right to seek review by a United States Court of Federal Claims judge.

6. Respondent denies that either the flu or hepatitis A vaccine caused petitioner to suffer CIDP, or any other injury, or his current condition.

7. Maintaining their above-stated positions, the parties nevertheless now agree that the issues between them shall be settled and that a decision should be entered awarding the compensation described in paragraph 8 of this Stipulation.

8. As soon as practicable after an entry of judgment reflecting a decision consistent with the terms of this Stipulation, and after petitioner has filed an election to receive compensation pursuant to 42 U.S.C. § 300aa-21(a)(1), the Secretary of Health and Human Services will issue the following vaccine compensation payment:

A lump sum of \$545,000.00 in the form of a check payable to petitioner. This amount represents compensation for all damages that would be available under 42 U.S.C. § 300aa-15(a).

9. As soon as practicable after the entry of judgment on entitlement in this case, and after petitioner has filed both a proper and timely election to receive compensation pursuant to 42 U.S.C. § 300aa-21(a)(1), and an application, the parties will submit to further proceedings before the special master to award reasonable attorneys' fees and costs incurred in proceeding upon this petition.

10. Petitioner and his attorney represent that compensation to be provided pursuant to this Stipulation is not for any items or services for which the Program is not primarily liable under 42 U.S.C. § 300aa-15(g), to the extent that payment has been made or can reasonably be expected to be made under any State compensation programs, insurance policies, Federal or State health benefits programs (other than Title XIX of the Social Security Act (42 U.S.C. § 1396 et seq.)), or by entities that provide health services on a pre-paid basis.

11. Payment made pursuant to paragraph 8 of this Stipulation and any amounts awarded pursuant to paragraph 9 of this Stipulation will be made in accordance with 42 U.S.C. § 300aa-15(i), subject to the availability of sufficient statutory funds.

12. The parties and their attorneys further agree and stipulate that, except for any award for attorneys' fees and litigation costs, and past unreimbursed expenses, the money provided pursuant to this Stipulation will be used solely for the benefit of petitioner as contemplated by a strict construction of 42 U.S.C. § 300aa-15(a) and (d), and subject to the conditions of 42 U.S.C. § 300aa-15(g) and (h).

13. In return for the payments described in paragraphs 8 and 9, petitioner, in his individual capacity, and on behalf of his heirs, executors, administrators, successors or assigns, does forever irrevocably and unconditionally release, acquit and discharge the United States and the Secretary of Health and Human Services from any and all actions or causes of action (including agreements, judgments, claims, damages, loss of services, expenses and all demands of whatever kind or nature) that have been brought, could have been brought, or could be timely brought in the Court of Federal Claims, under the National Vaccine Injury Compensation Program, 42 U.S.C. § 300aa-10 et seq., on account of, or in any way growing out of, any and all known or unknown, suspected or unsuspected personal injuries to or death of petitioner resulting from, or alleged to have resulted from, the flu and hepatitis A vaccinations administered on January 8, 2014, as alleged by petitioner in a petition for vaccine compensation filed on or about May 15, 2015, in the United States Court of Federal Claims as petition No. 15-504V.

14. If petitioner should die prior to entry of judgment, this agreement shall be voidable upon proper notice to the Court on behalf of either or both of the parties.

Respectfully submitted,
